

Clicker S6

TECHNICAL SPECIFICATION

Model	T29904-A
Dimensions (LxWxH)	93 x 54 x 8mm
Weight	35g (including battery)
Color & Material	White + Black, ABS plastics
Display Area	34 x 17 mm
Battery Life	500hrs (with 1 click/10s)

Integrated Student Response System

Status Icon	Signal strength, communication status, low battery indication etc.
Display Content	Chinese, English, Numbers
Keys	15 keys
Software	Work with IQVote Software
Battery & Replacement	Two button cell CR2032 (replaceable)
Working Temperature	0°C~30°C
Storage Temperature	-20°C~55°C
Working Humidity	15%~75%
Storage Humidity	0%~90%
Waterproof	Non-waterproof
Anti-dropping performace	Do not fall from the place over 1 meter high.
Certifications	CE, RoHS
Package List	IQClick, Receiver, User Manual
Warranty	One Year

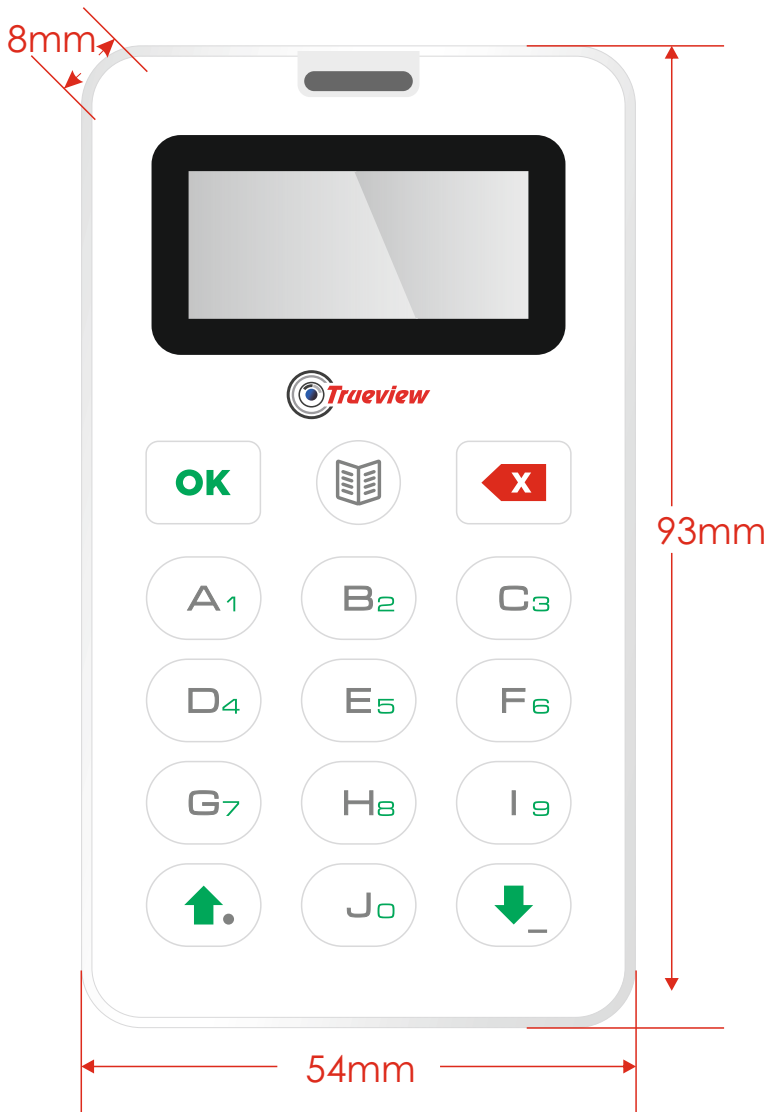

Receiver

TECHNICAL SPECIFICATION

Model	T29906-A
Dimensions(L*W*H)	86 x 23 x 11mm
Weight	15g
Color & Material	Black, PC plastics
Interface	1* USB interface (power supply & data transmission)
Voltage	5V-100mA
Communication Technology	Communication band 2.4GHz, patented and proprietary communication protocol, bidirectional data validation
Channel Number	1- 80
RF Power	+10dBm
Operating Distance	Within 30 meters
Pairing Speed	100 clickers collected within 5 seconds
Pairing Number	≤1000
Operation System	Windows
Working Temperature	>4°C
Indicator	1 * Indicator For Connection, 1* Indicator for data transmuission

TrueClick

Receiver
