2MP Resolution

Experience crystal-clear clarity on the road with 1080p Full HD recording, ensuring every detail is captured with stunning precision for enhanced visibility and peace of mind.

Built-In Microphone

Enjoy added convenience and functionality with the built-in microphone, enabling clear audio recording to capture conversations, road noise, and other sounds for a comprehensive record of your journey.

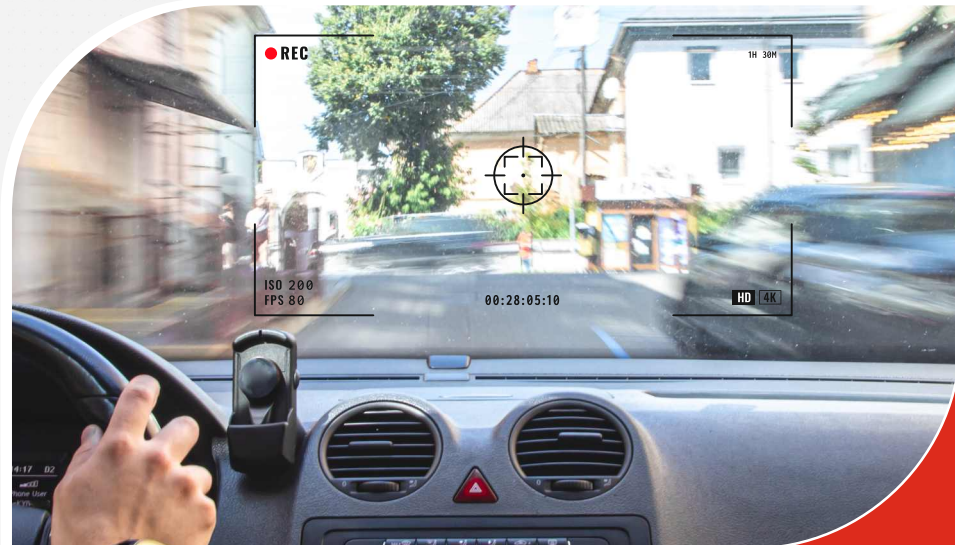

Wi-Fi Support

Pair the Dash Camera with your smart phone wirelessly, without the need for an internet connection to help you operate it seamlessly with just a few clicks.

Time Lapse Recording

During playback, the captured frames are played back at a much faster speed than they were recorded. This creates a fast-forwarded video file, allowing you to see a long period condensed into a shorter video.

Easy to Install

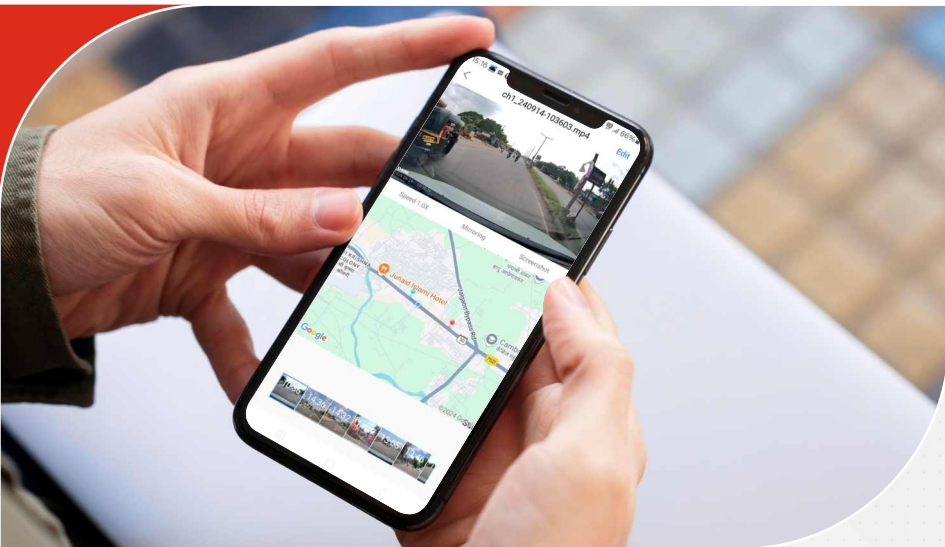

With a streamlined installation process and user-friendly design, mounting is hassle-free. The Trueview Dash Camera ensures quick and secure attachment, promoting accessibility and convenience for users.

256GB Micro SD Card

The Trueview Dash Camera support Micro SD Memory Cards of up to 256GB, ensuring ample space for continuous video recording and emergency footage storage.

In Built GPS

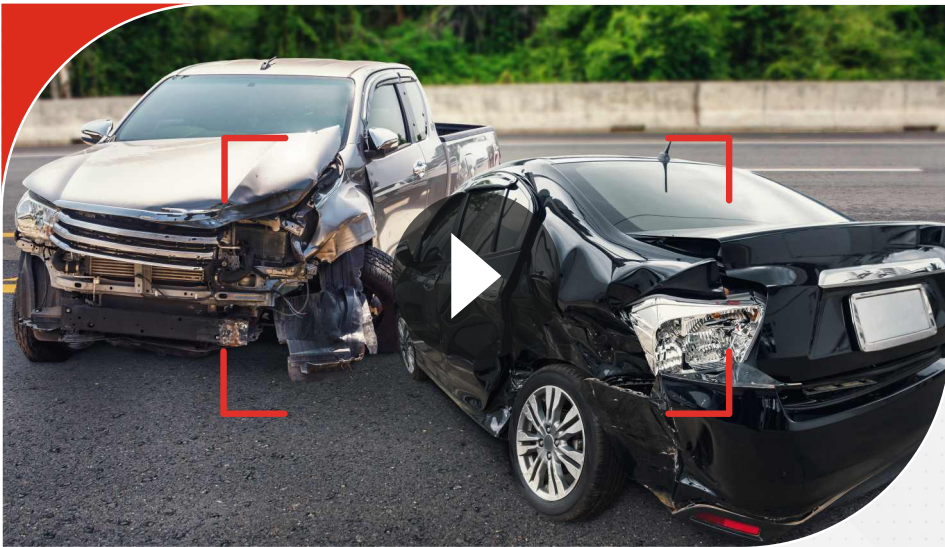

Stay informed about every detail of your journey with built-in GPS logging. Track your route, speed, and location with precision, offering valuable insights for navigation and enhancing security.

Speed Alert

The Trueview Dash Cameras Speed Alert notifies drivers when they exceed a set speed limit. It uses GPS to track the vehicle's speed and provides real-time alerts (audible or visual) to encourage safer driving. This feature helps drivers stay within legal speed limits and can be customized for different roads.

Emergency Video

The Trueview Dash Cameras Emergency Video feature auto-saves footage during accidents or sudden impacts. It locks collision-detected videos, preventing overwrites, ensuring key evidence is preserved for insurance or legal needs.

Compatible With TrueCloud App

Trueview Dash Cameras is compatible with the most trusted TrueCloud App. This app allows users to remotely access, view, and manage dash cam footage via the cloud. It supports real-time video streaming, file downloads, and sharing, ensuring convenient access to recordings anytime, anywhere.

Technical Specifications

Product Code	T18208-A
Resolution	2MP
Frame Rate	1920 x 1080P @30fps
DDR	512Mbit
Flash Memory	8Mbit
View Angle	H: 106.4°, V: 55.8°, D: 127.8°
Video Compression Standard	H.265
WDR	Support
G-Sensor	Support
GPS	Support
Video Format	TS
Micro SD	Up to 256GB
Power Input	5V / 0.5A Type-C
Sound Recording	ON / OFF
Connection Mode	Wi-Fi
Time-Lapse	Support
Emergency Video	Automatic emergency recording, key videos will not be overwritten
Wi-Fi Direct Connection	Wi-Fi direct connection to mobile phone, adjust settings, view album and live feed through TrueCloud APP
Other Features	Speed Alert
Operating Temperature	- 20°C ~ 65°C
Storage Temperature	-30°C ~ 85°C
Dimension	82.30mm x 42.27mm x 35.28mm (W x H x L)
Monitoring	Android, iOS, Windows (TrueCloud)
Button	Reset Button
Housing Type	Plastic
Net Weight	55 Gms
Gross Weight	182 Gms
