| CCTV | AiO Interactive Flat Panel Displays
| Commercial LCD Displays | Display Solutions

Trueview®

Innovating for a promising tomorrow

2024 — Launch of AI featured CCTV with VMS integration, Dash Camera & TrueBoard educational app for Interactive LCD Panels

2023 — Started manufacturing 4G+5G Wireless Router

2022 — First to launch Android 11 based Interactive Flat Panel Display

2022 — Launched TrueCap Leature Capture System & TrueClick Student Response System

2010 — Formation of Warner Electronics India Private Limited

2013 — Started manufacturing CCTV Cameras

2017 — First Campany To Launch Wireless Camera

2019 — Started manufacturing 4K Commercial LCD Displays & Display Solutions

- Awards & Accolades -

2023 — Business Connect — INSPIRING BUSINESS COMMUNITY — Company of the Year 2023

2021 — Forbes INDIA — Atmanirbhar Trueview

2020 — THE TIMES OF INDIA — Inspiring Entrepreneur Award

2019 — siliconindia — Most Promising CCTV Brand

The Strength

Warner's facility is a state of the art manufacturing setup with in house SMT Line, Auto CNC Machines, Advanced R&D Facilities, High Capacity Production Lines and a full fledged admin block. The new facility is proposed to the one of the largest and the best Electronic Manufacturing Setups in Central India.

The manufacturing facility is situated in India'd first Greenfield Industrial City, AURIC. The facility is located in close vicinity of the highly prestigious Delhi Mumbai Industrial Corridor.

The proposed Dry Port with Custom Clearance at Jalna is just 25 km. from the manufacturing facility. This also adds much ease for the logistics and supply chain.

4 Lac units in CCTV Segment per month	20000 units in Display Segment per month	2 Lac units of Medical Devices per month
2.5 Lac sq. fts of manufacturing facility	1000+ Employee Strength	Targeting 20 million happy customers

4G & Wi-Fi CCTV

- 3, 4, 5, and 8MP resolution
- Network Connectivity - 4G or Wi-Fi
- Best suited for remote location surveillance
- No complex wiring hassles
- Wide range of models to suit various needs
- Easy Do-It-Yourself installation
- User friendly and highly feature rich TrueCloud mobile app
- Multiple camera connectivity on single app.

AI Powered	4G SIM Support	Wi-Fi Network	Auto Human Detection	3 Night Vision Modes
512 / 256GB SD Card	TrueCloud Mobile App	Cloud Recording	Pan-Tilt Monitoring	Solar Power Connectivity
SD/HD Video Recording	Alexa Support	Push Alarm Notifications	H.265+ Compression	ONVIF Protocol
Up to 36X Zoom	Location Preset	Siren With Strobe Lights	Two Way Audio Intercom	Pre-recorded Voice Alarm

The widest range of
4G & Wi-Fi Based CCTV

3MP 4G AI Pan-Tilt Camera

- AI-Powered Detection – Smart detection of faces, humans, line crossing, motion, unattended baggage, missing baggage, intrusion, and region entry/exit.
- FTP Backup – Safely store camera footage and snapshots on FTP server.
- Live Streaming & Event Push – Stream footage live or push events to your RTMP server.
- Event Alerts – Receive push notifications for critical events on HTTP server.
- Advanced Full Duplex Audio Intercom
- Intelligent Motion Tracking – Automatically tracks movement when people enter designated areas.
- Built-in Active Defense – Equipped with a strobe light and siren for enhanced security.
- Multi-Platform Monitoring – Monitor and control your camera via PC, mobile, or web browser using TrueCloud.
- IP66 Housing – Weather-resistant performance for any environment.

- Supports Instant Image Positioning.
- Built-in Disk Recording Protection Strategy.
- Smooth And Stable Live Broadcast Service.
- Wear-resistant Capacitive Touch Technology.
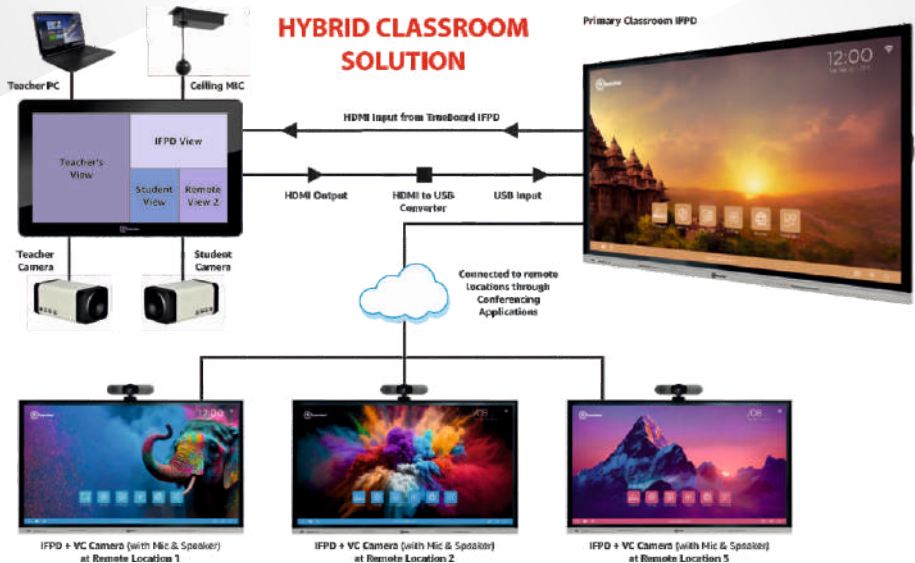

CREDIBLE AND
# COHERENT CONCLUSIONS.

TRUECLICK

Integrated Student
Response System

With TrueClick at hand, students are no more passive listeners as before. Instead, they can now be active participants. TrueClick enhances the interactive learning in class by giving a voice to each and every student. With TrueClick Student Response System, you can engage the students with activities like instant quiz. Set different questions, seek answers and create answer reports easily. Create an interactive learning environment where every student can participate actively and give real-time feedback. With TrueClick, teachers can track progress through instant feedback to determine whether the students need reviewing, re-teaching or to move on for the next lesson.

- Engage Every Student
- Track Progress Easily
- Assess Student Understanding
- Transmit Widely & Stably
- No Installation Required
- Full Featured Software
